This document is for preliminary review purposes only and does not contain much of the information included in the private placement memorandum pursuant to which the offering will be conducted. This presentation does not constitute an offer to any person. Offers will be made only by the private placement memorandum to accredited investors, which should be carefully reviewed by a prospective purchaser prior to making an investment decision. This flyer does not constitute an offer to any person. Offers will be made only by the private placement memorandum, which should be read carefully prior to making an investment decision. The drilling of oil and natural gas wells involves the risk that the wells will not provide enough revenue to return the amount of your investment. Investment decisions should be based on an individual's own goals, time horizon, and tolerance for risk. The tax information contained herein is general in nature, is provided for informational purposes only and is not intended as individualized tax or legal advice to potential investors. You should consult an attorney or tax professional regarding your specific legal or tax situation.
